ALL THREAD FIBERGLASS FORM TIES

DESCRIPTION

The Sigma 1200 Series fiberglass form tie is an original thread form that maximizes the properties of both fiberglass and steel to create the strongest fiberglass threaded rod on the market today.

SAFE WORKING LOADS (2:1)

Standard Single Nut: 25,000 lbs
Cast Wing Nut: 25,000 lbs
Tie Saver 1" Coil Rod: 25,000 lbs

15' Standard lengths
1.000" Outer Diameter

1200 SERIES USES

There are many benefits to using Sigma 1200 Series on your next forming project, including:

- Large mat foundations
- Formliner applications
- Thick abutments/she bolt replacement
- No patching unlike taper ties and she bolts
- Custom width walls (columns)
- Water/wastewater systems with hydrophilic waterstops
- Corrosion resistant
- Multiple accessories available
